FEATURING WATERLASE DENTISTRY^{LLC}

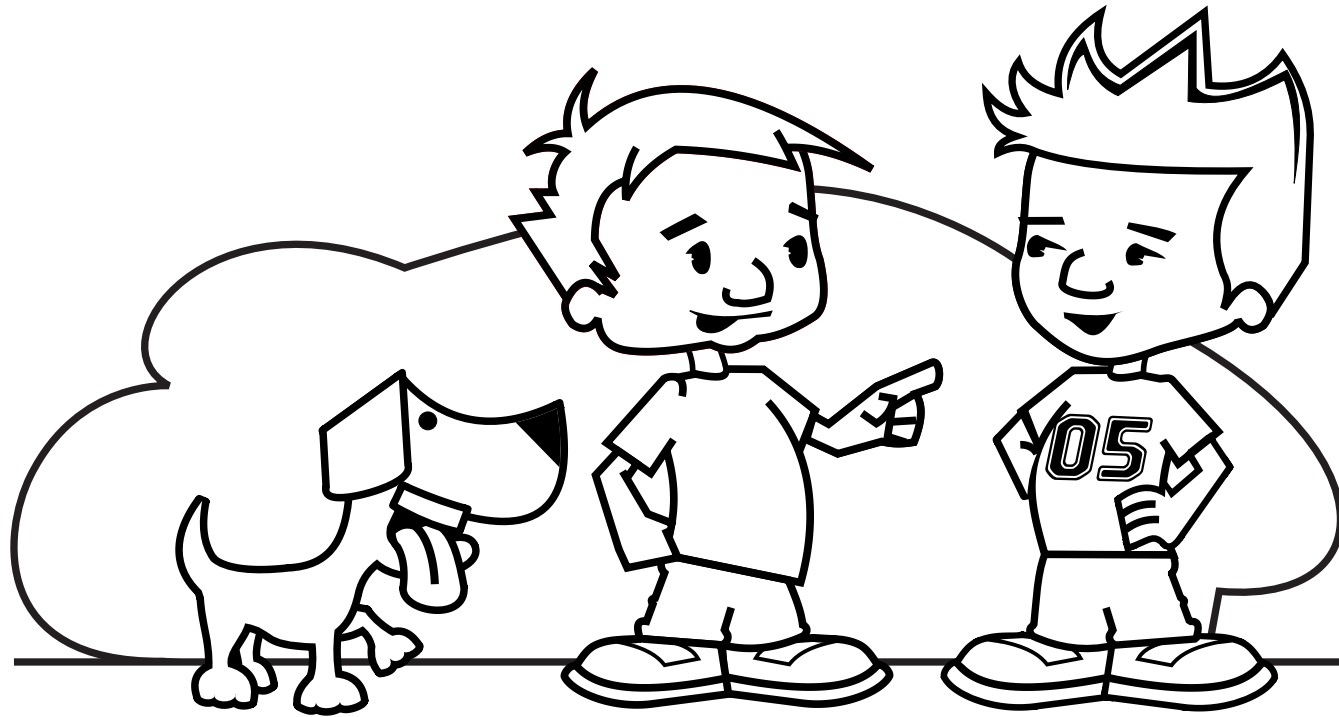

My First Visit to a Waterlase Dentist
Educational Coloring & Activity Book

Tooth Tales^{LLC}

**My First Visit to a
Waterlase Dentist**

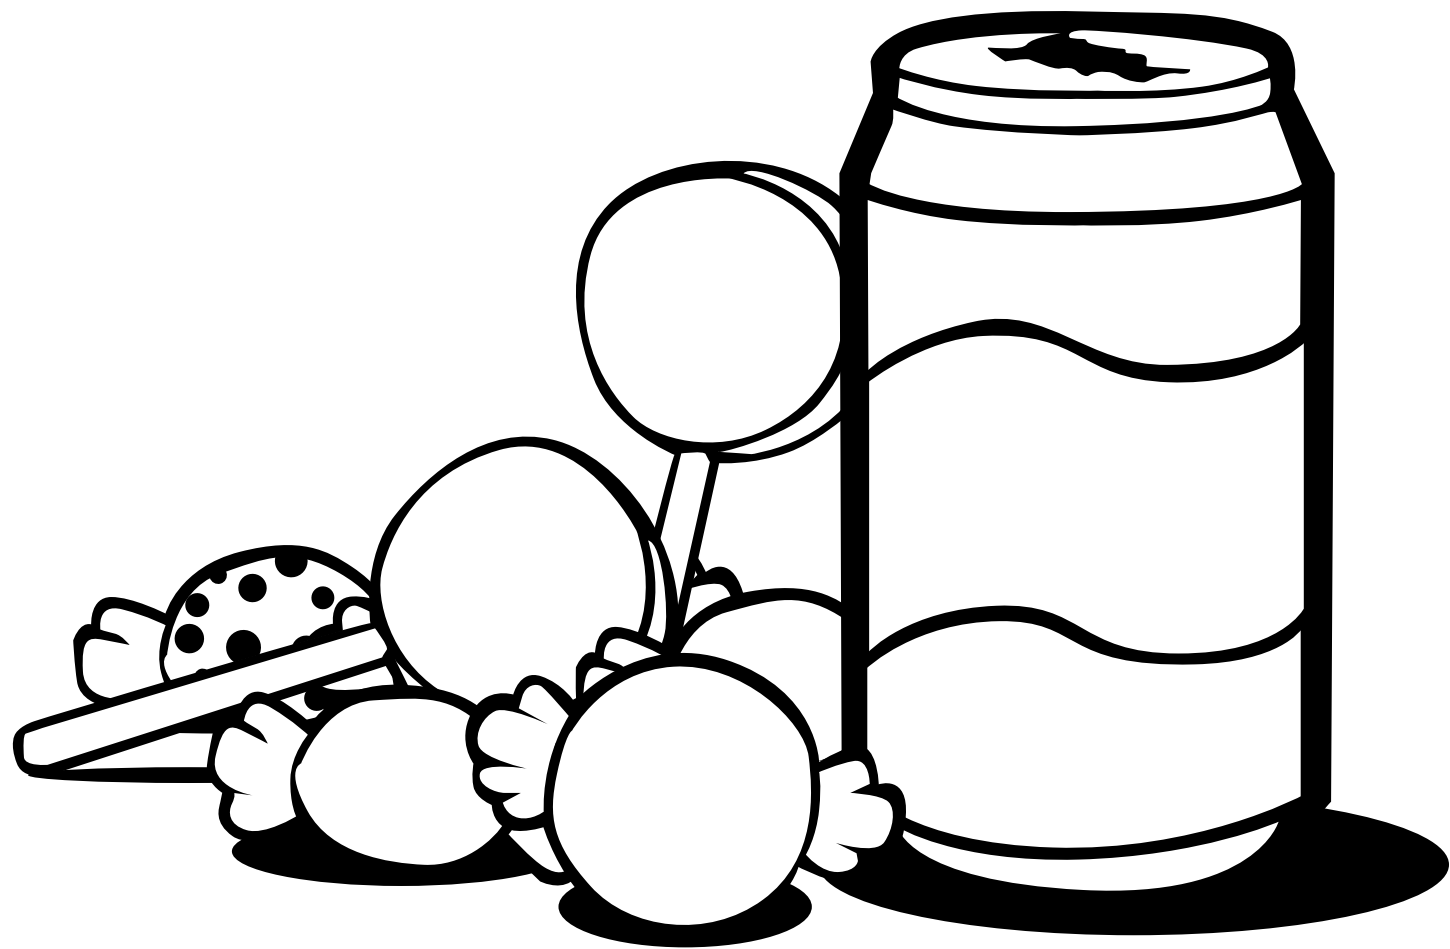

Freddy, Bobby, and Molar were hanging out when...

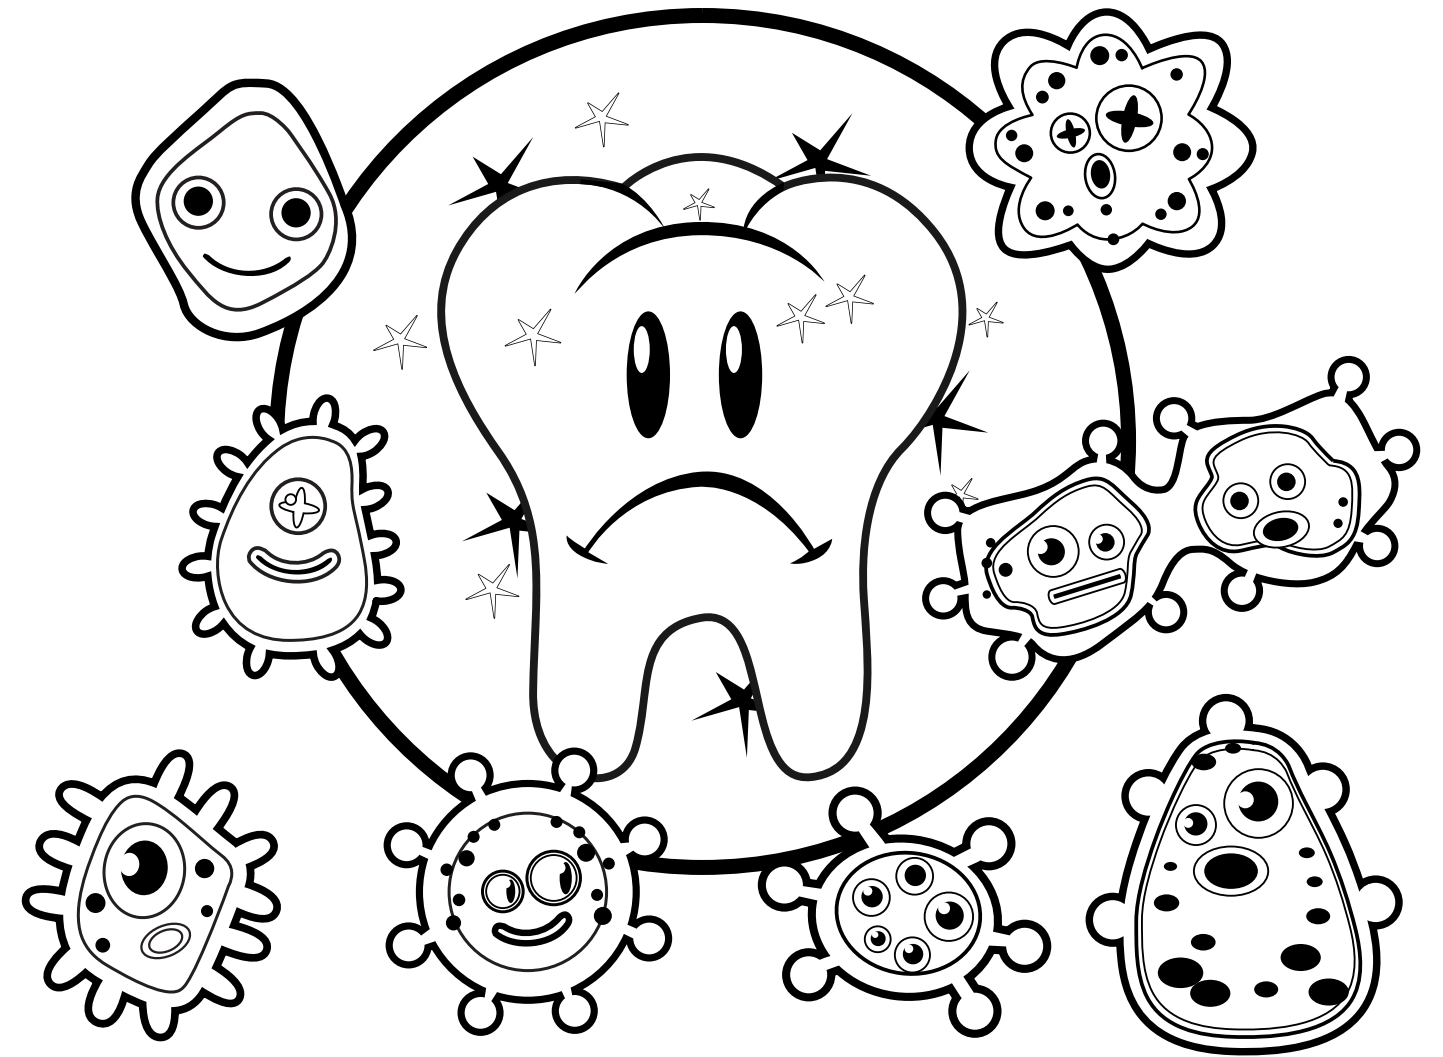

Freddy's tooth began to hurt.

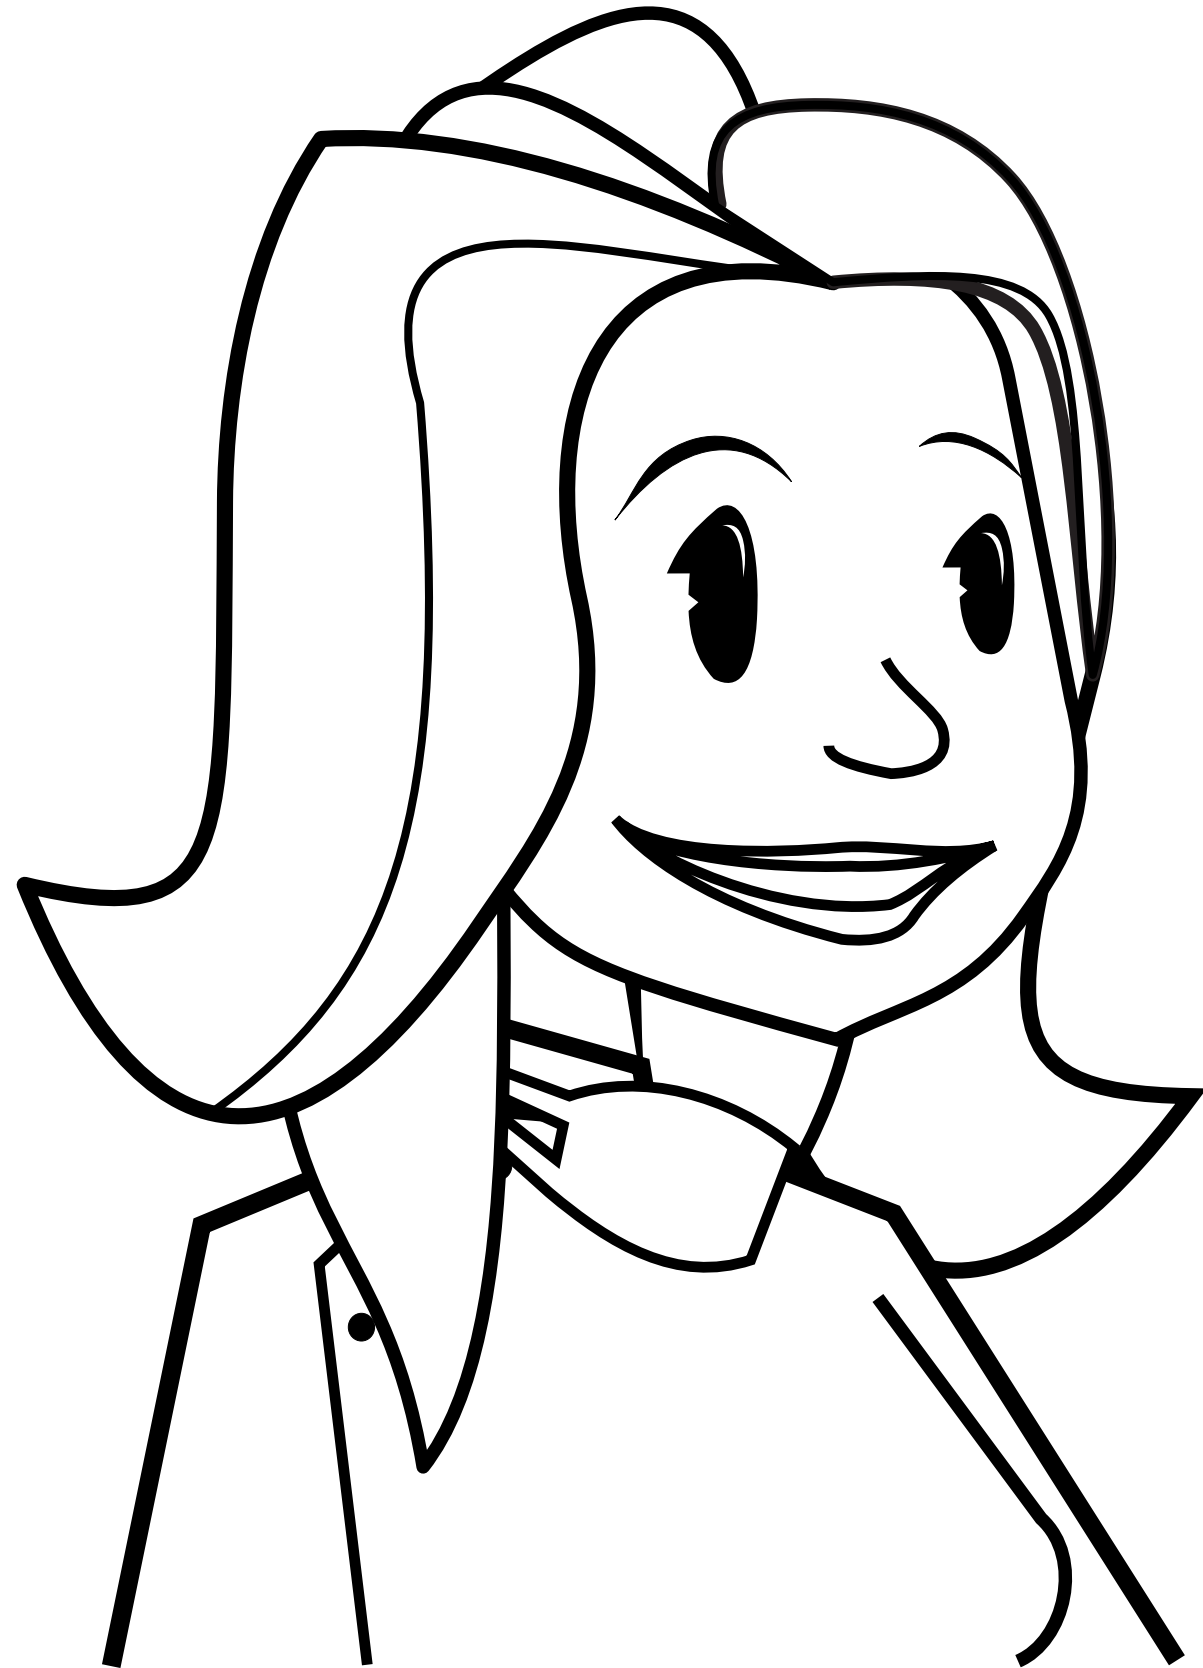

His dentist warned him that eating too many sweets and sodas could damage his teeth.

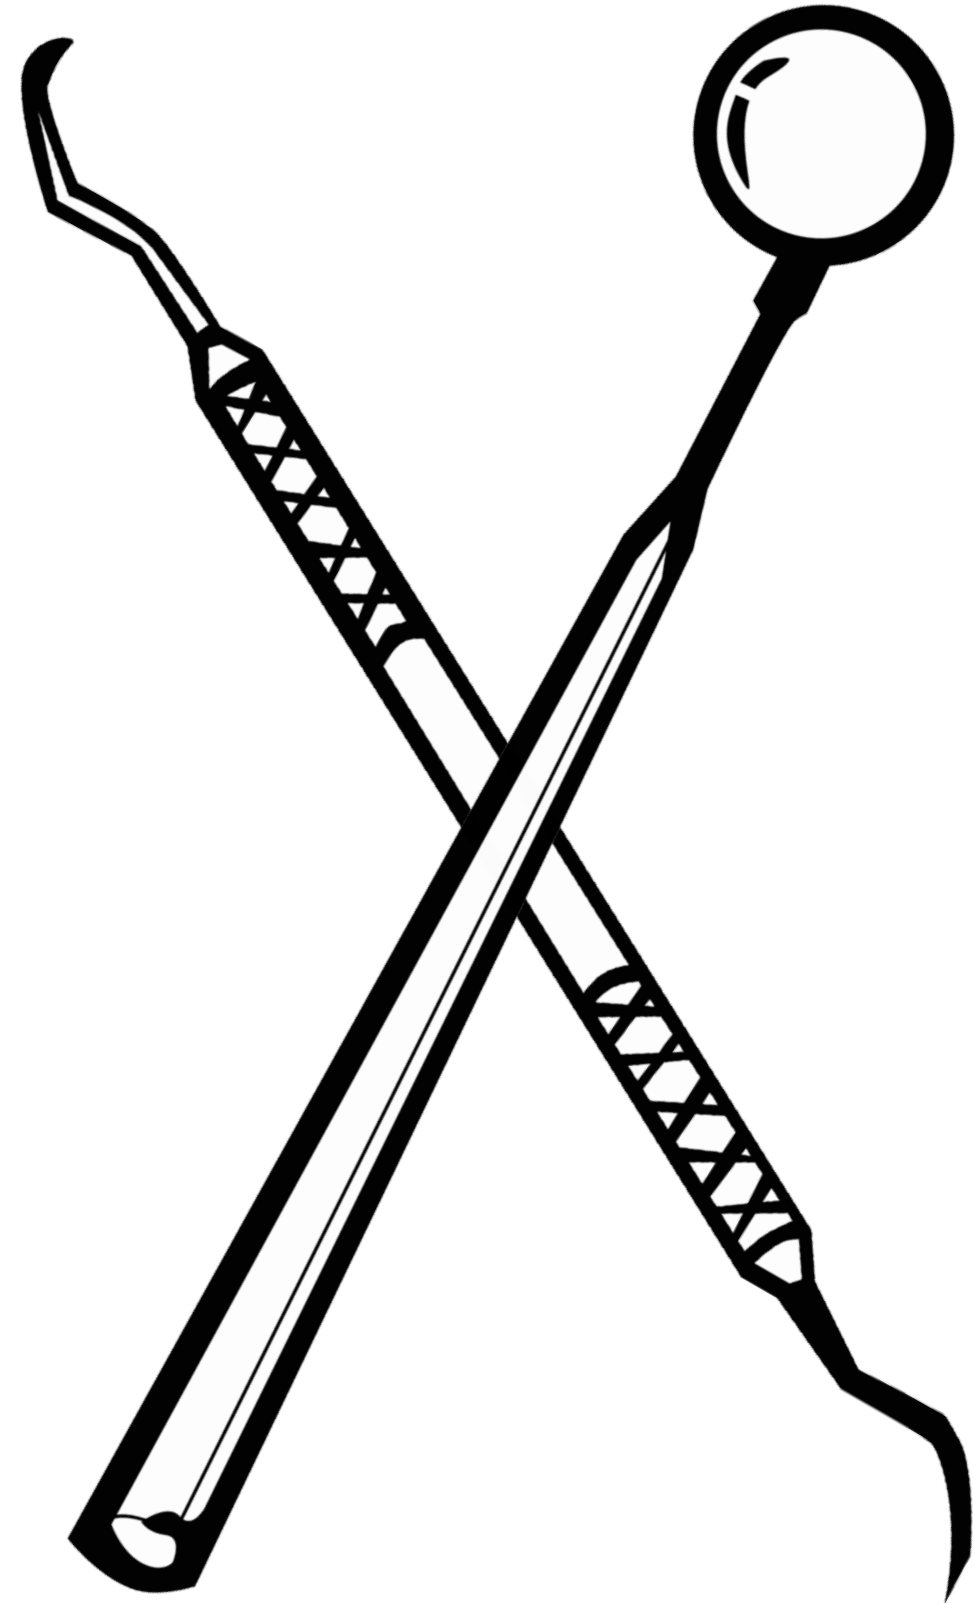

They contain sugar bugs – little menaces who love to make holes in teeth called cavities.

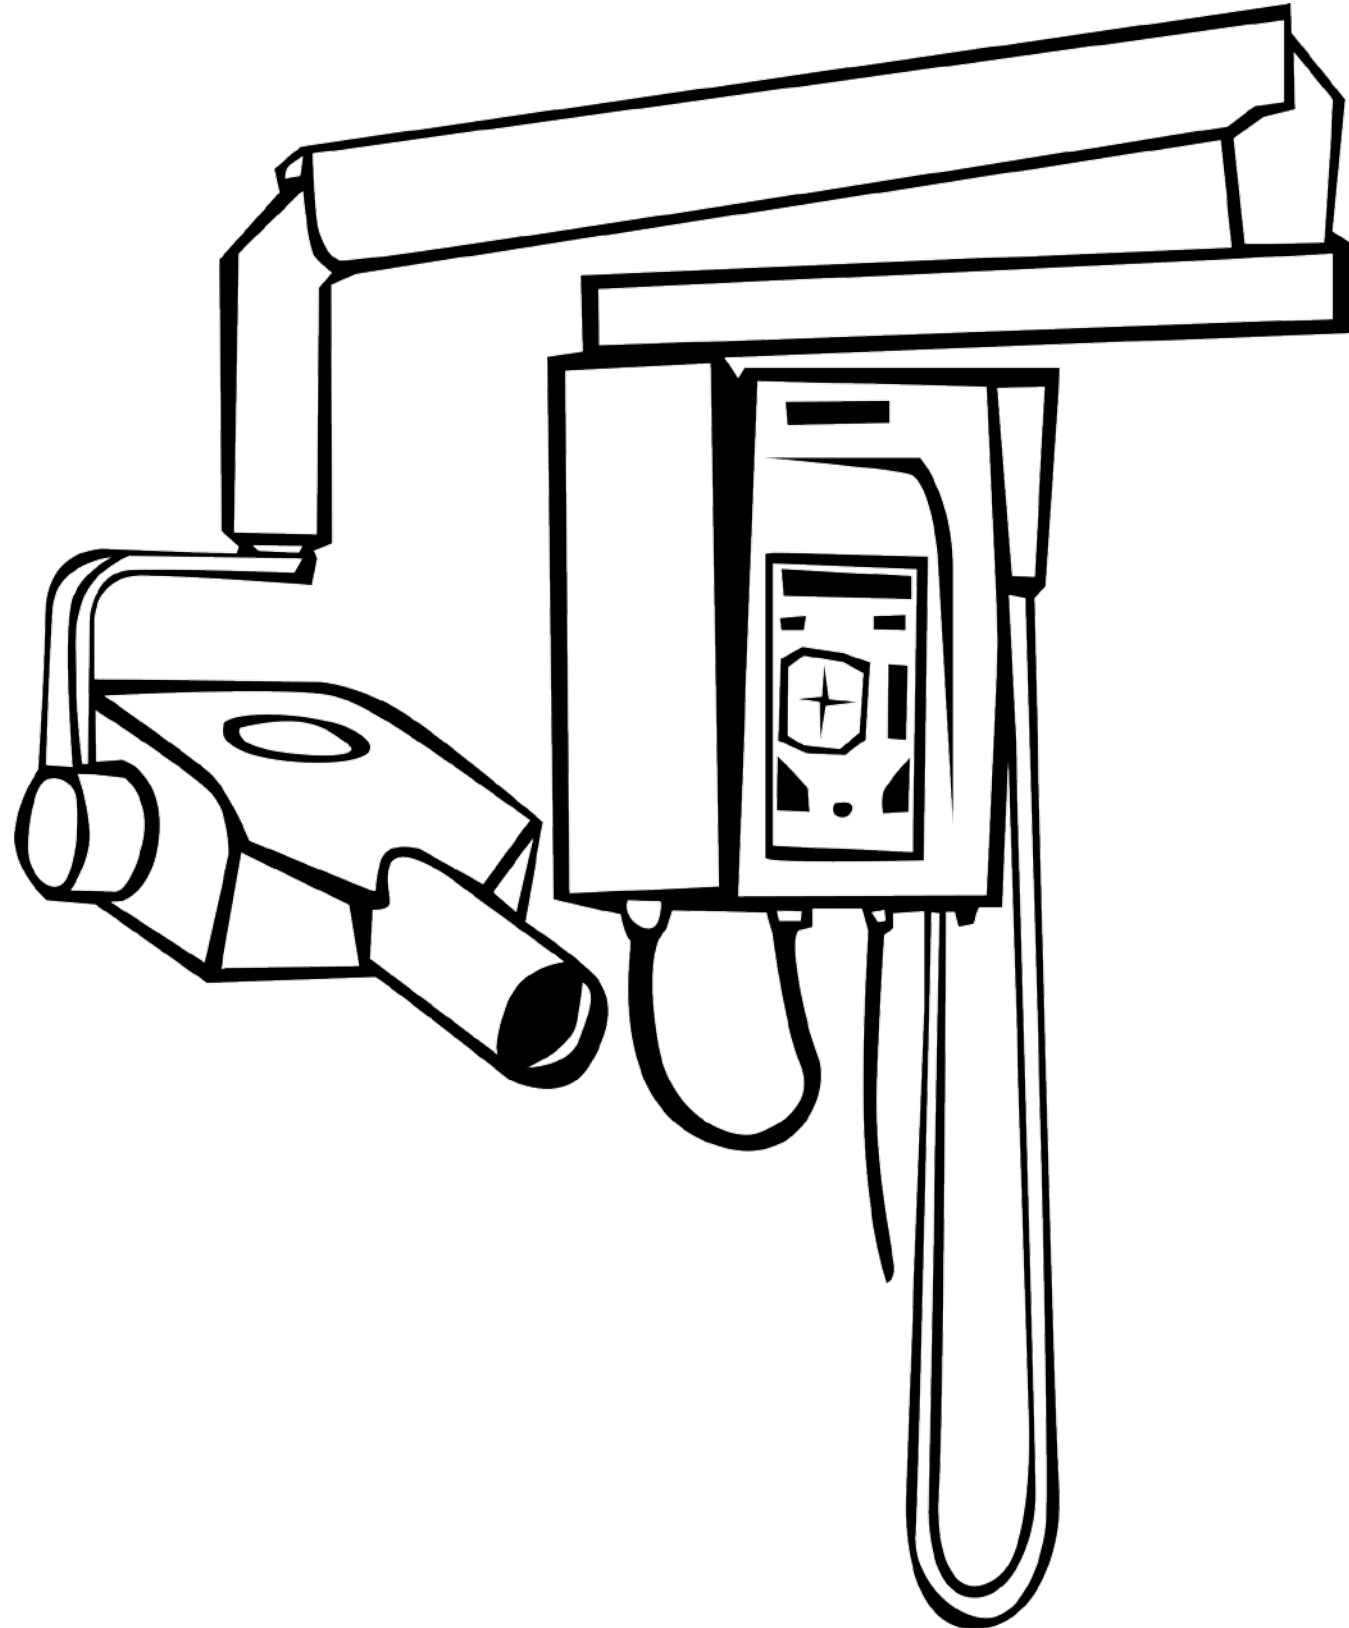

The next day, Freddy's mom took him to the dentist – Dr. Christina!

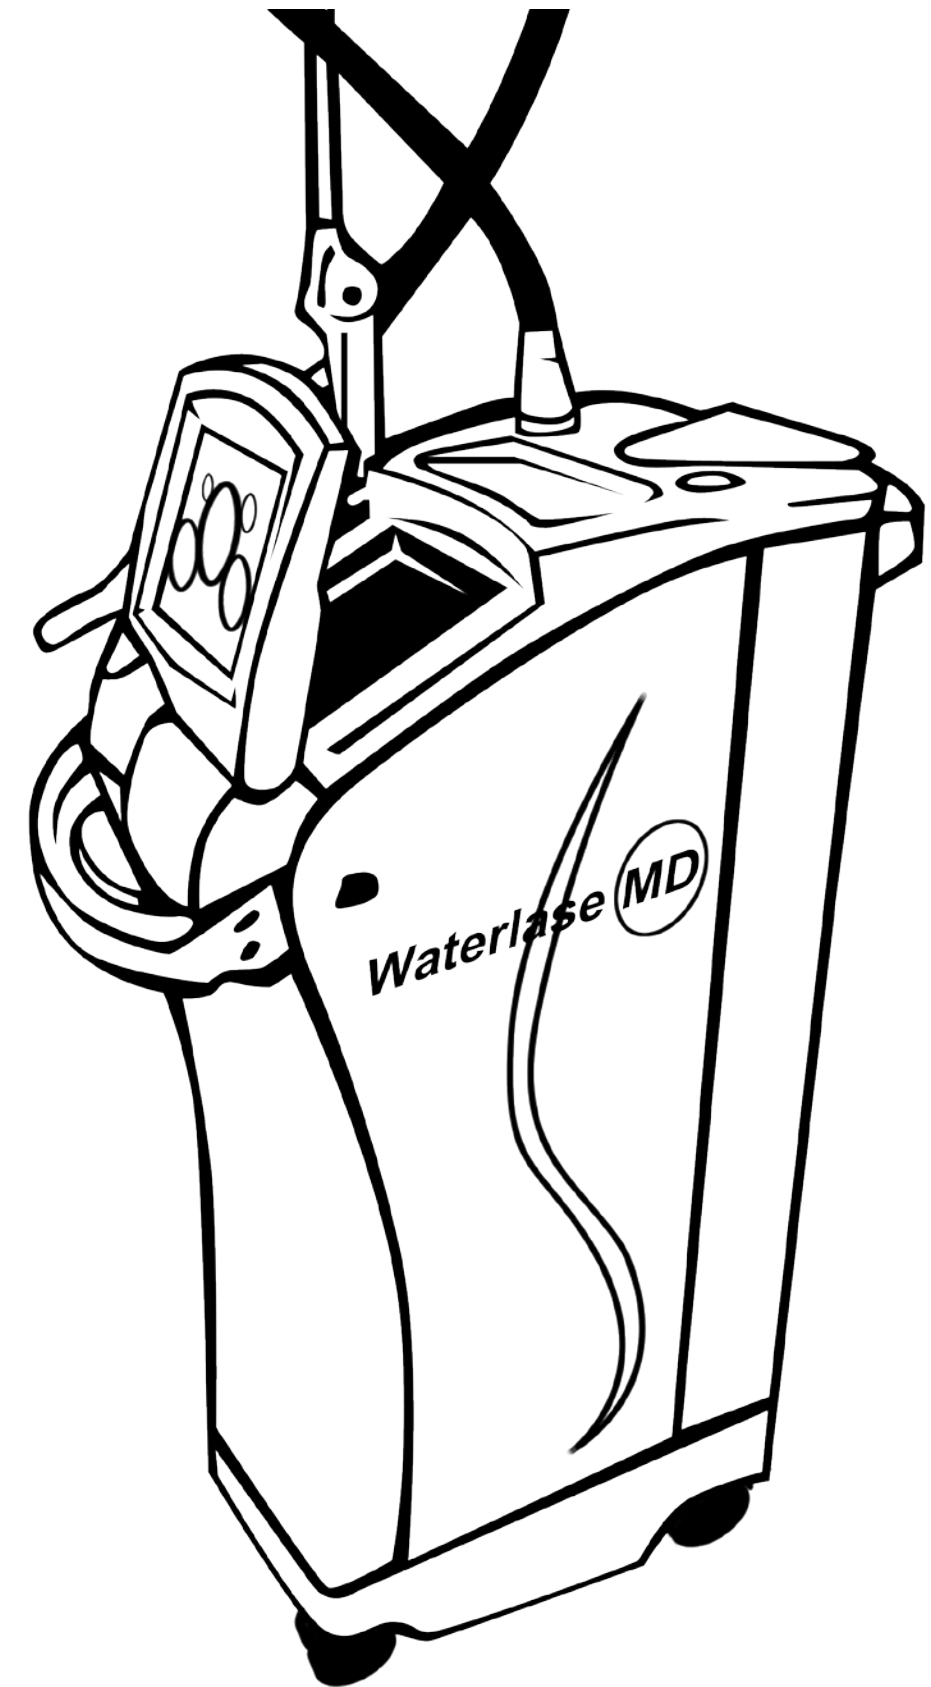

First, she used her tooth feeler and mirror to find the hurt tooth.

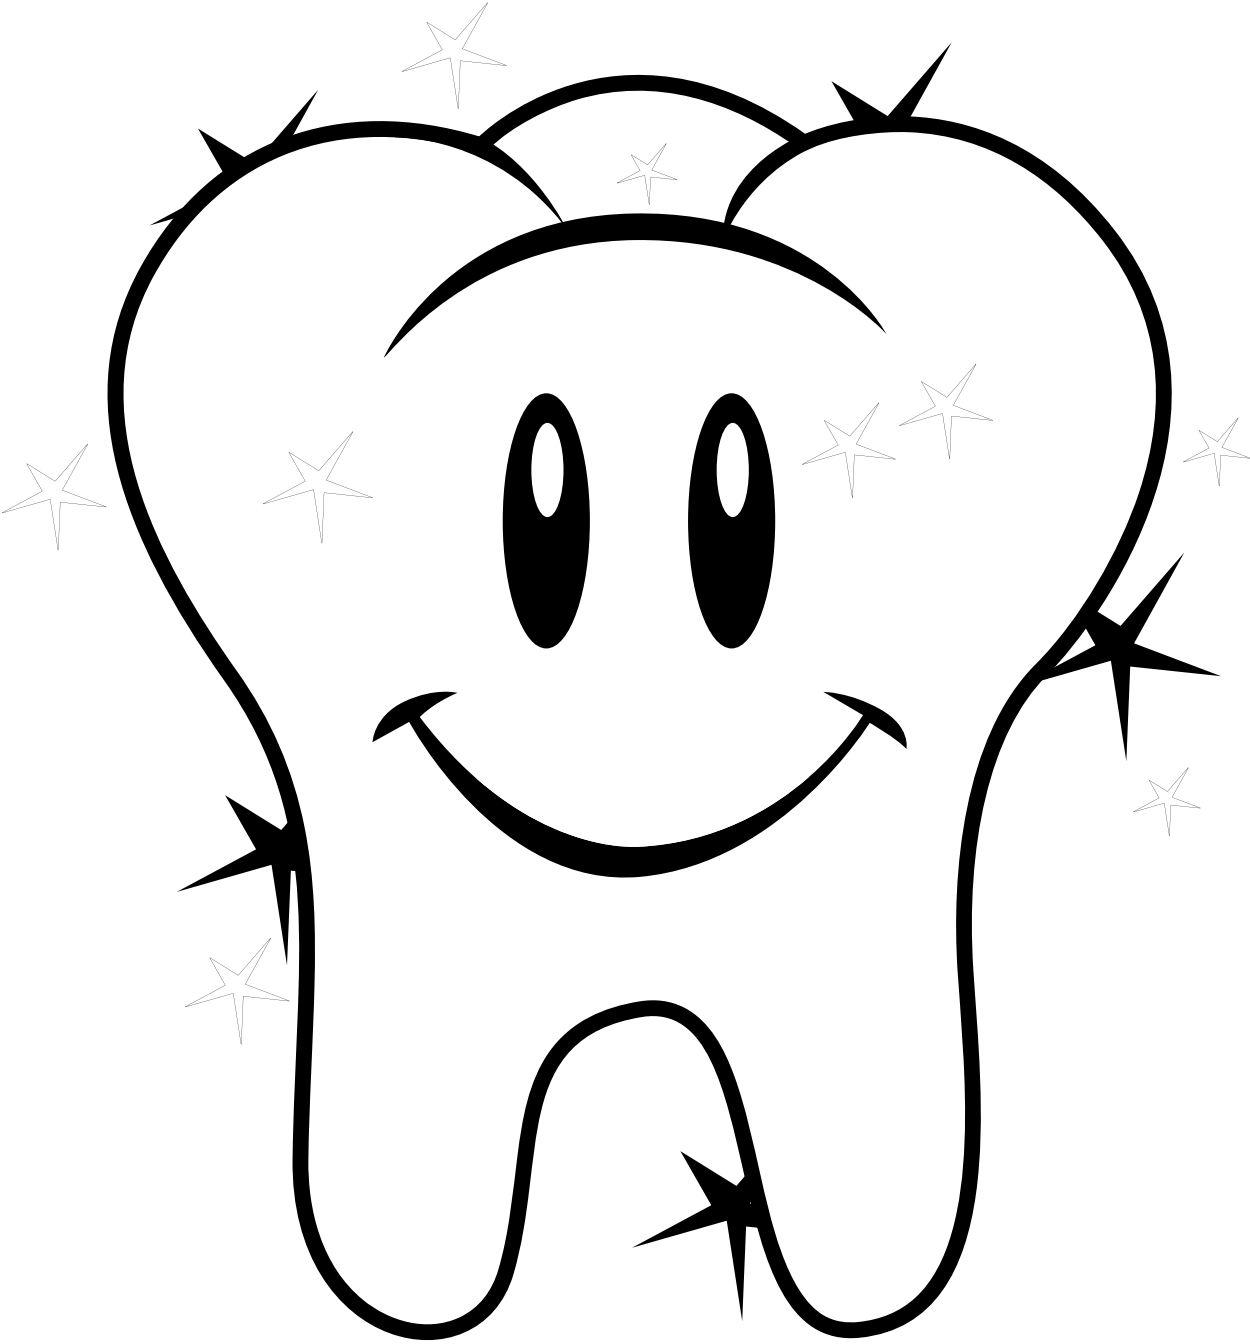

Next, she took a picture of Freddy's tooth with a special camera called an x-ray.

Dr. Christina treated Freddy's tooth with a laser called the Waterlase.

**Before Freddy knew it, his tooth
pain was gone...**

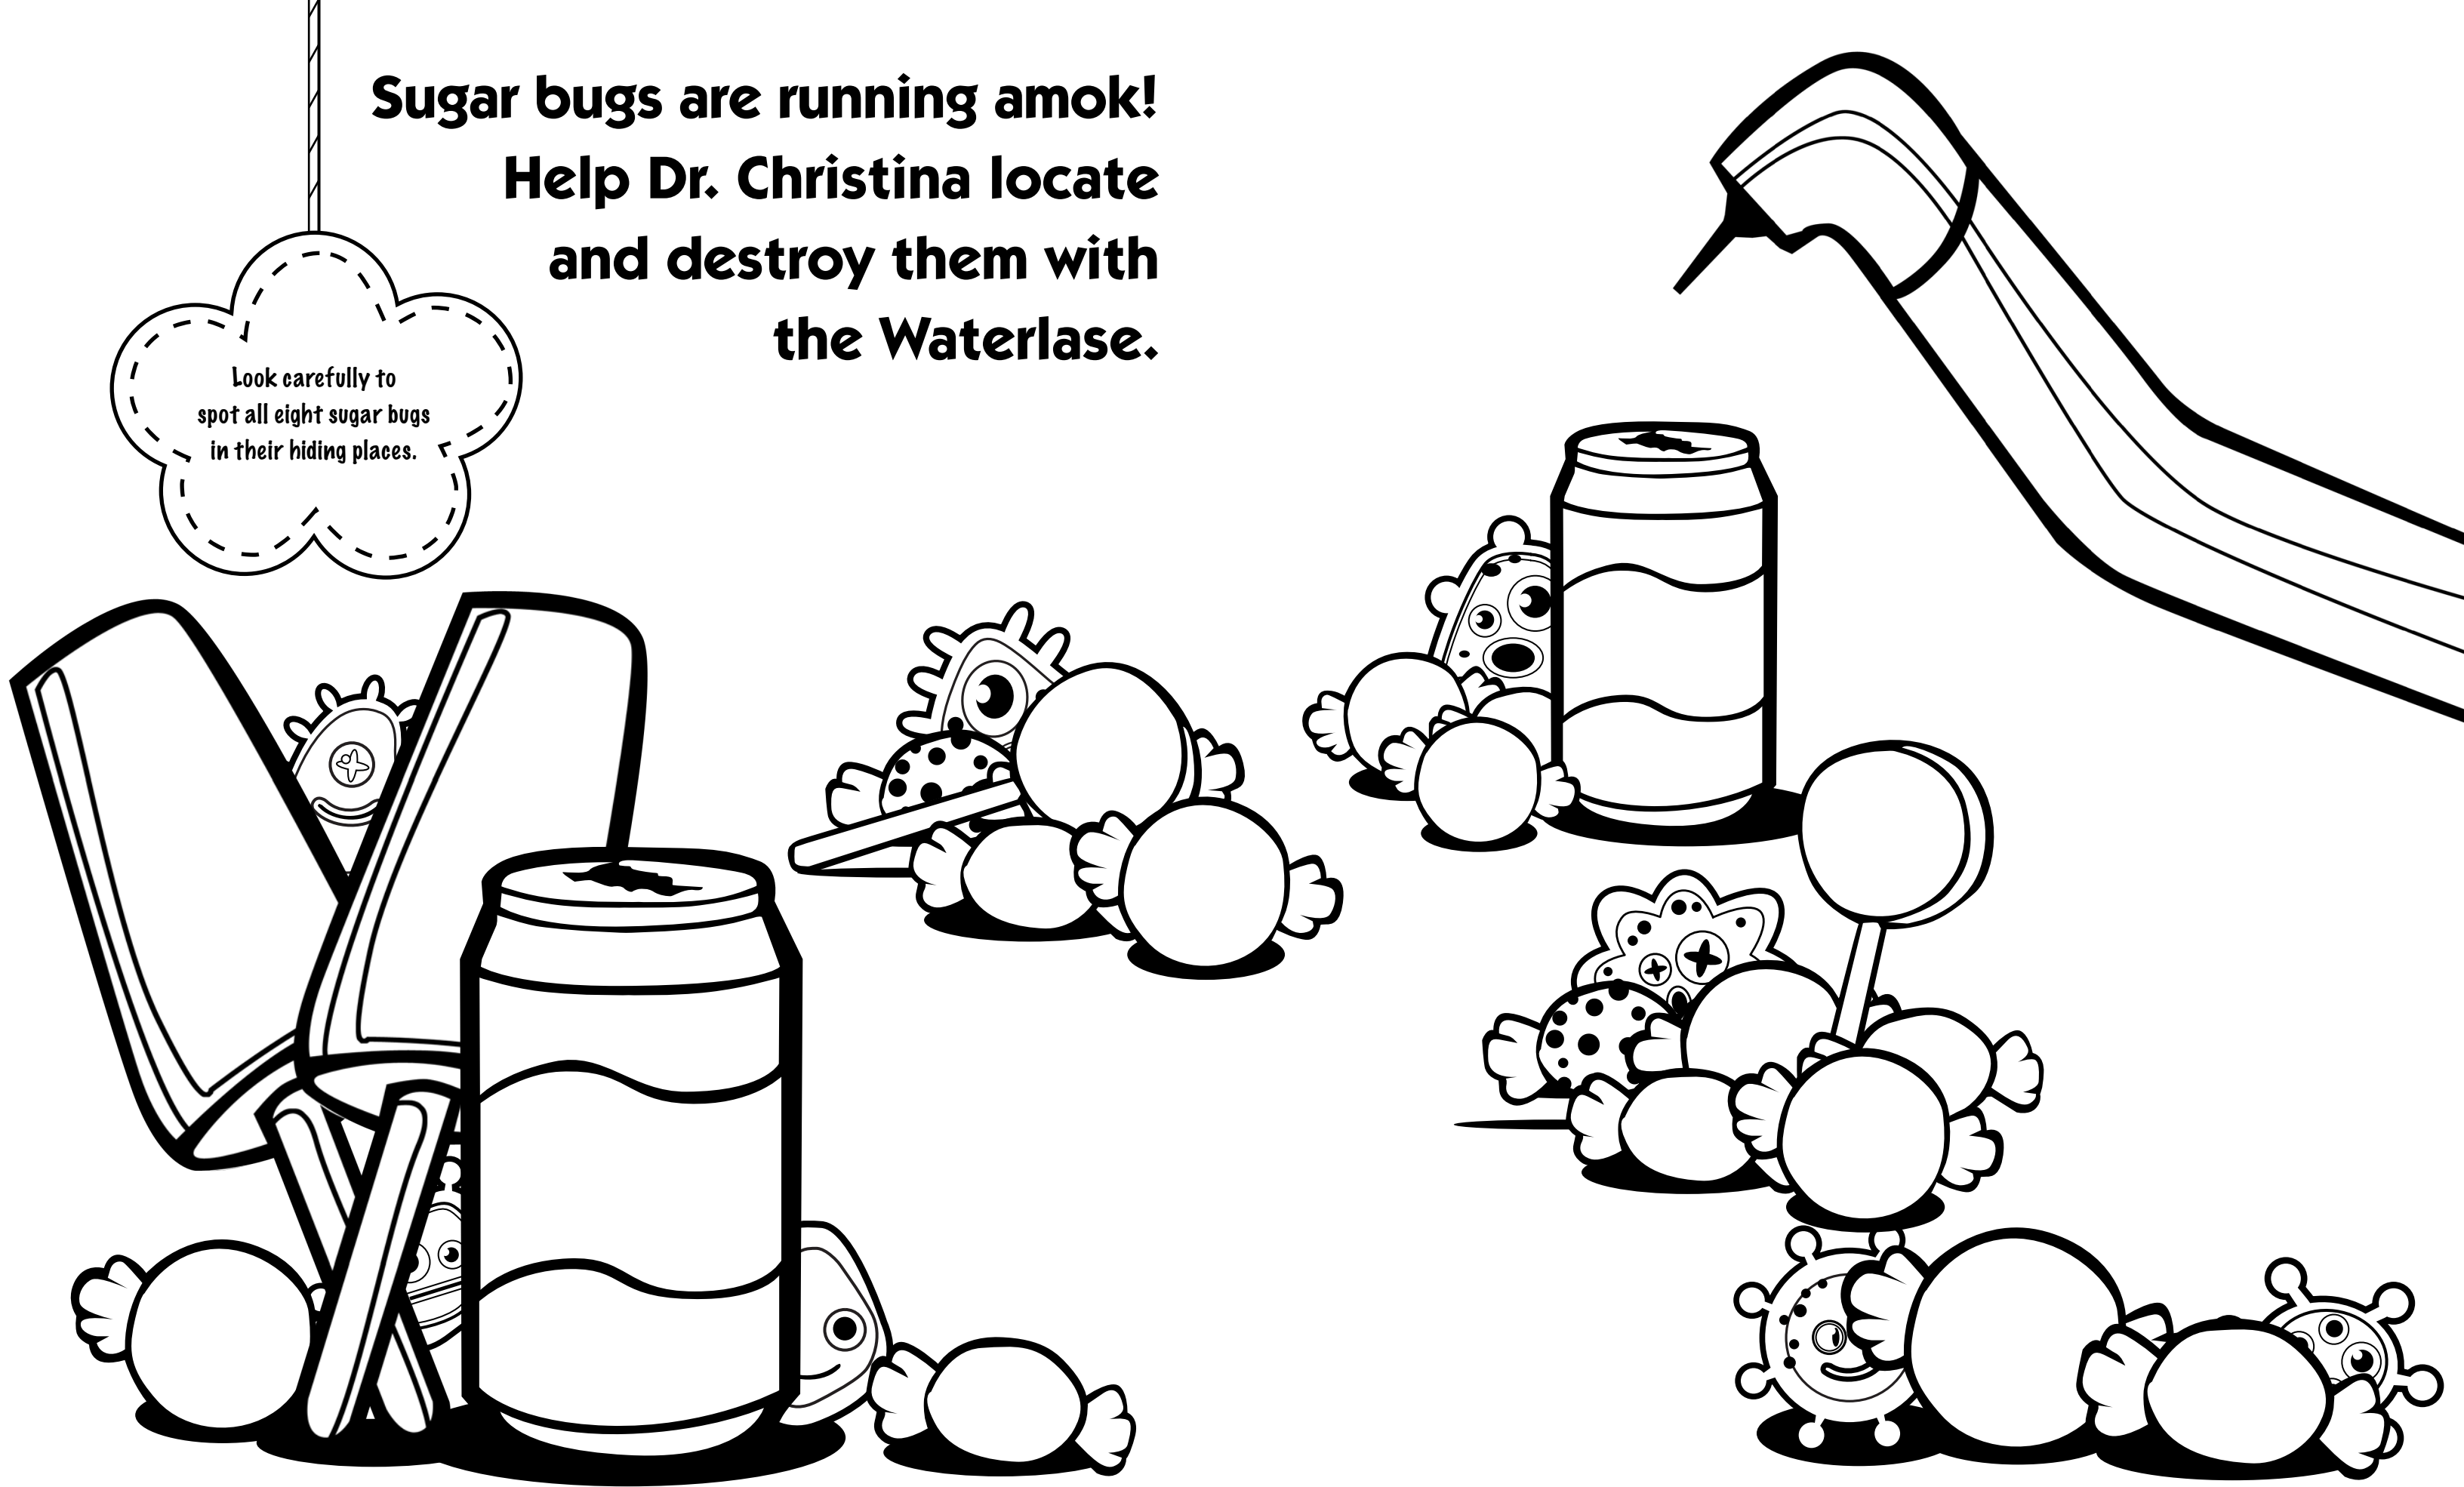

**Along with the sugar and sodas
from Freddy's diet!**

Sugar bugs are running amok!
Help Dr. Christina locate
and destroy them with
the Waterlase.

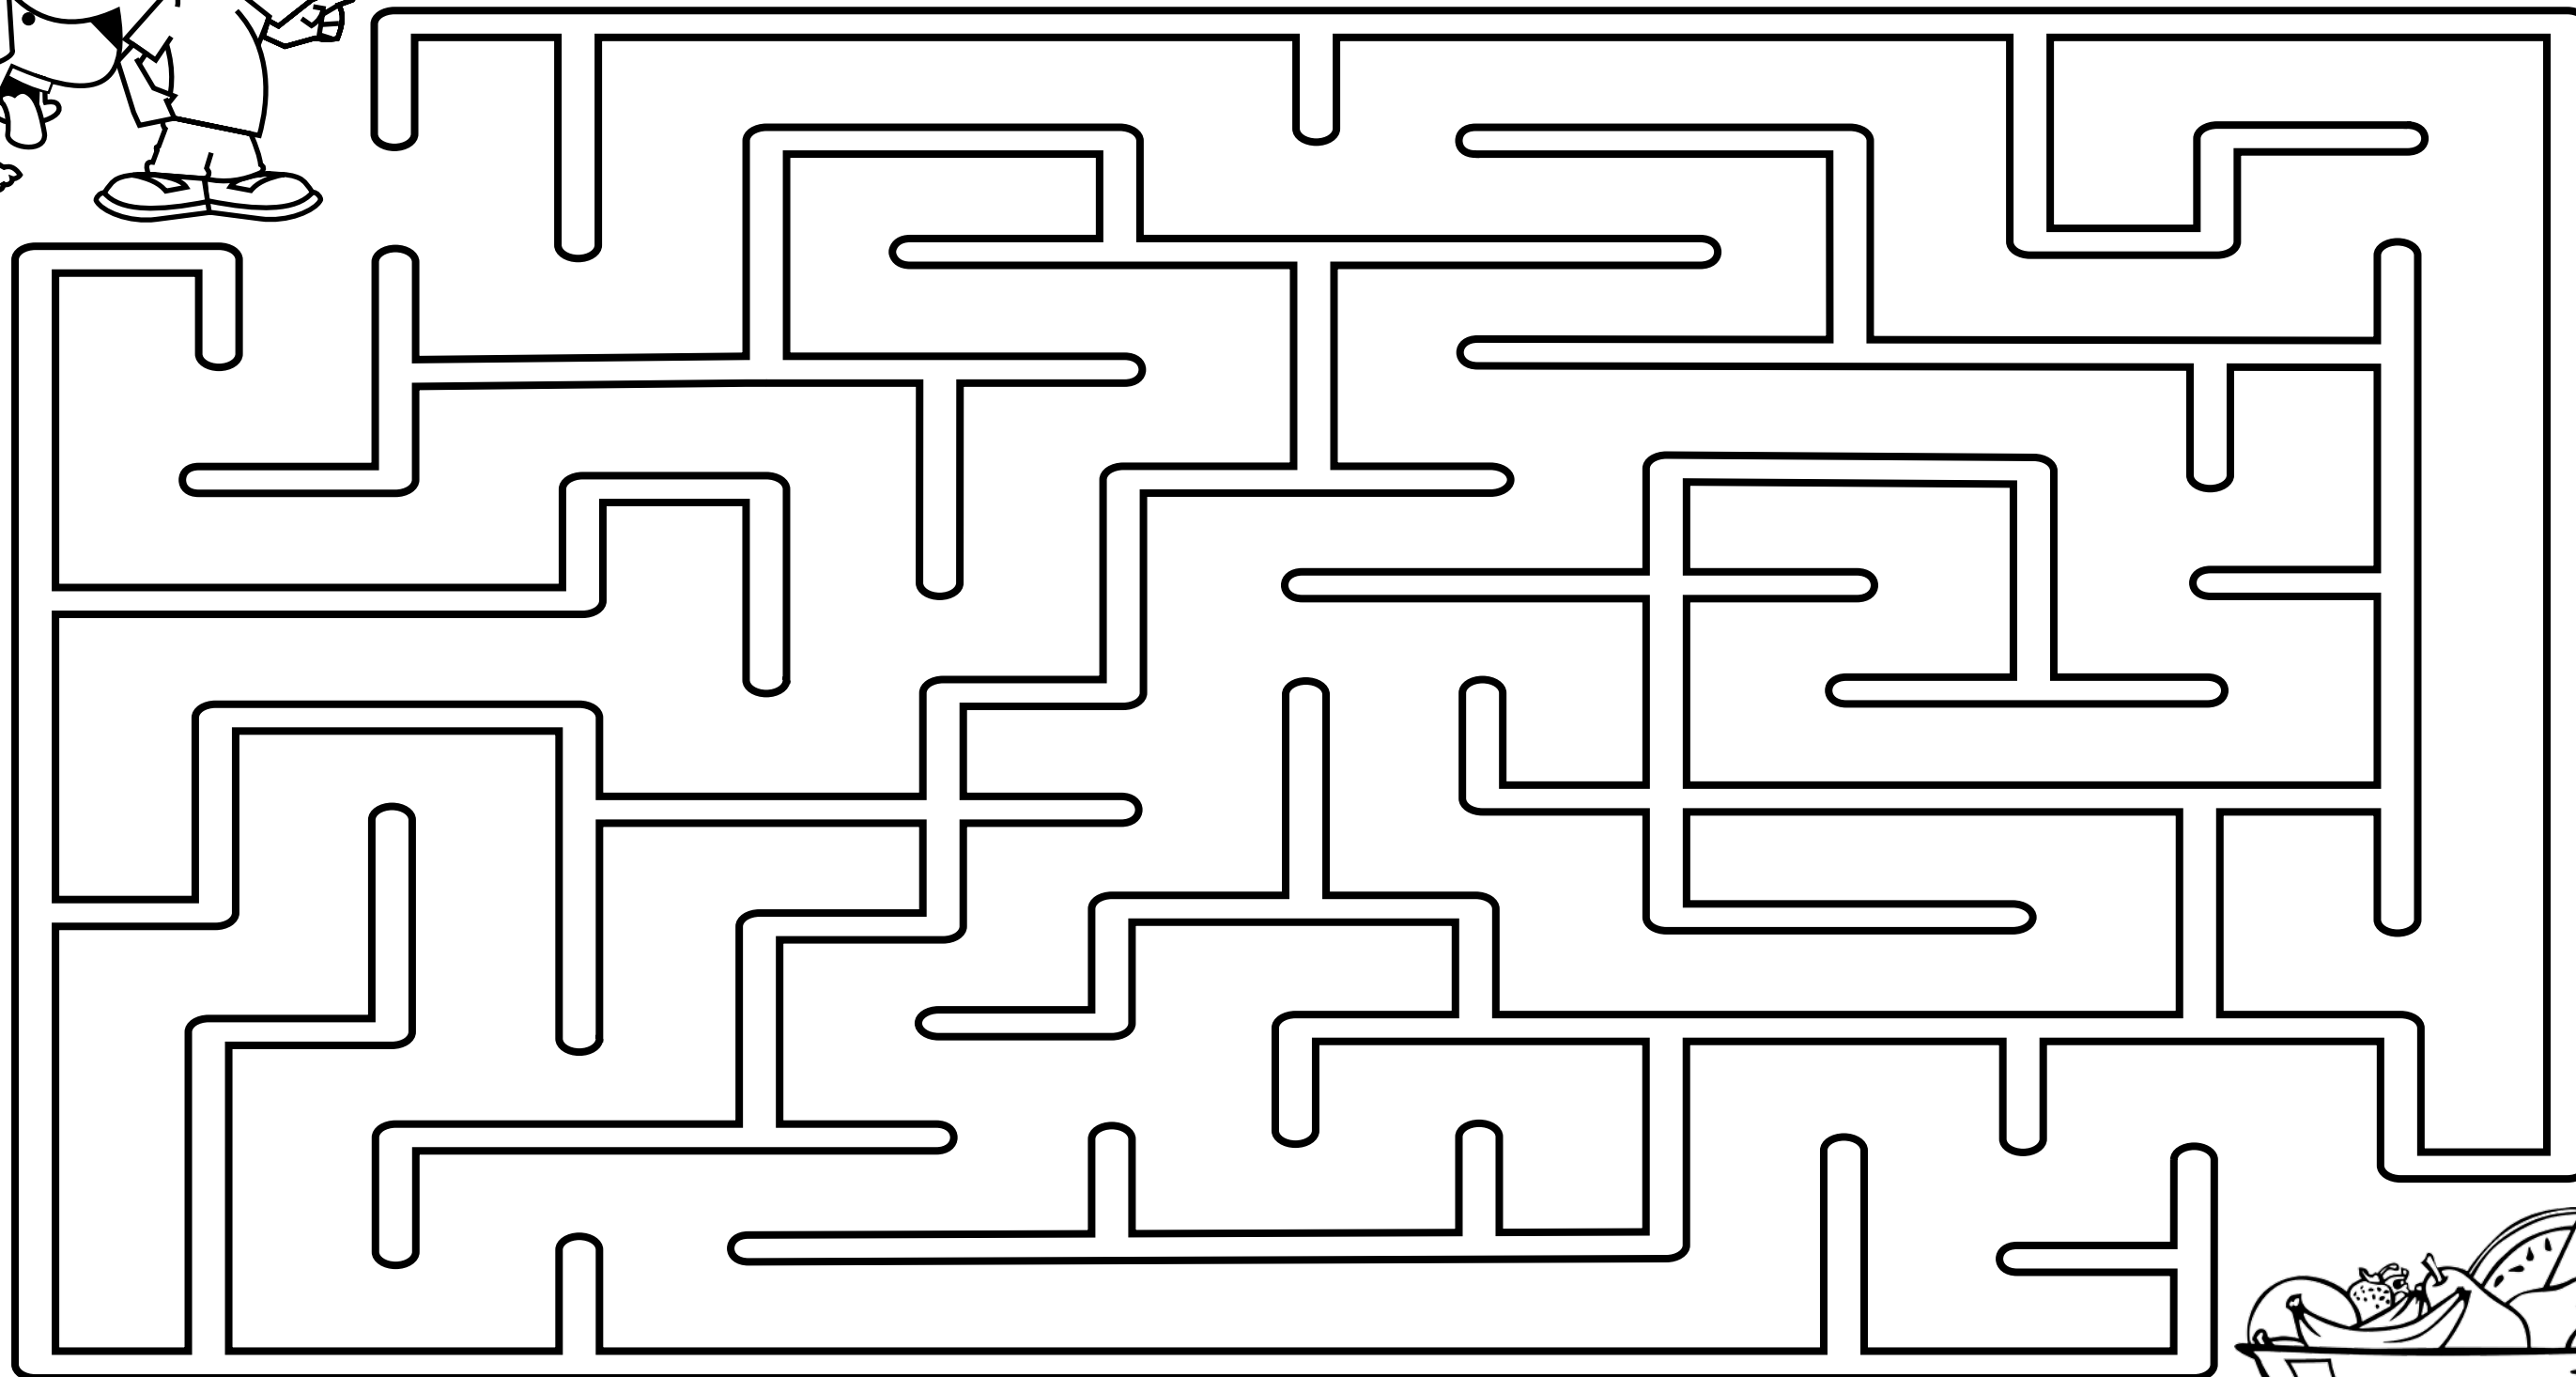

Look carefully to
spot all eight sugar bugs
in their hiding places.

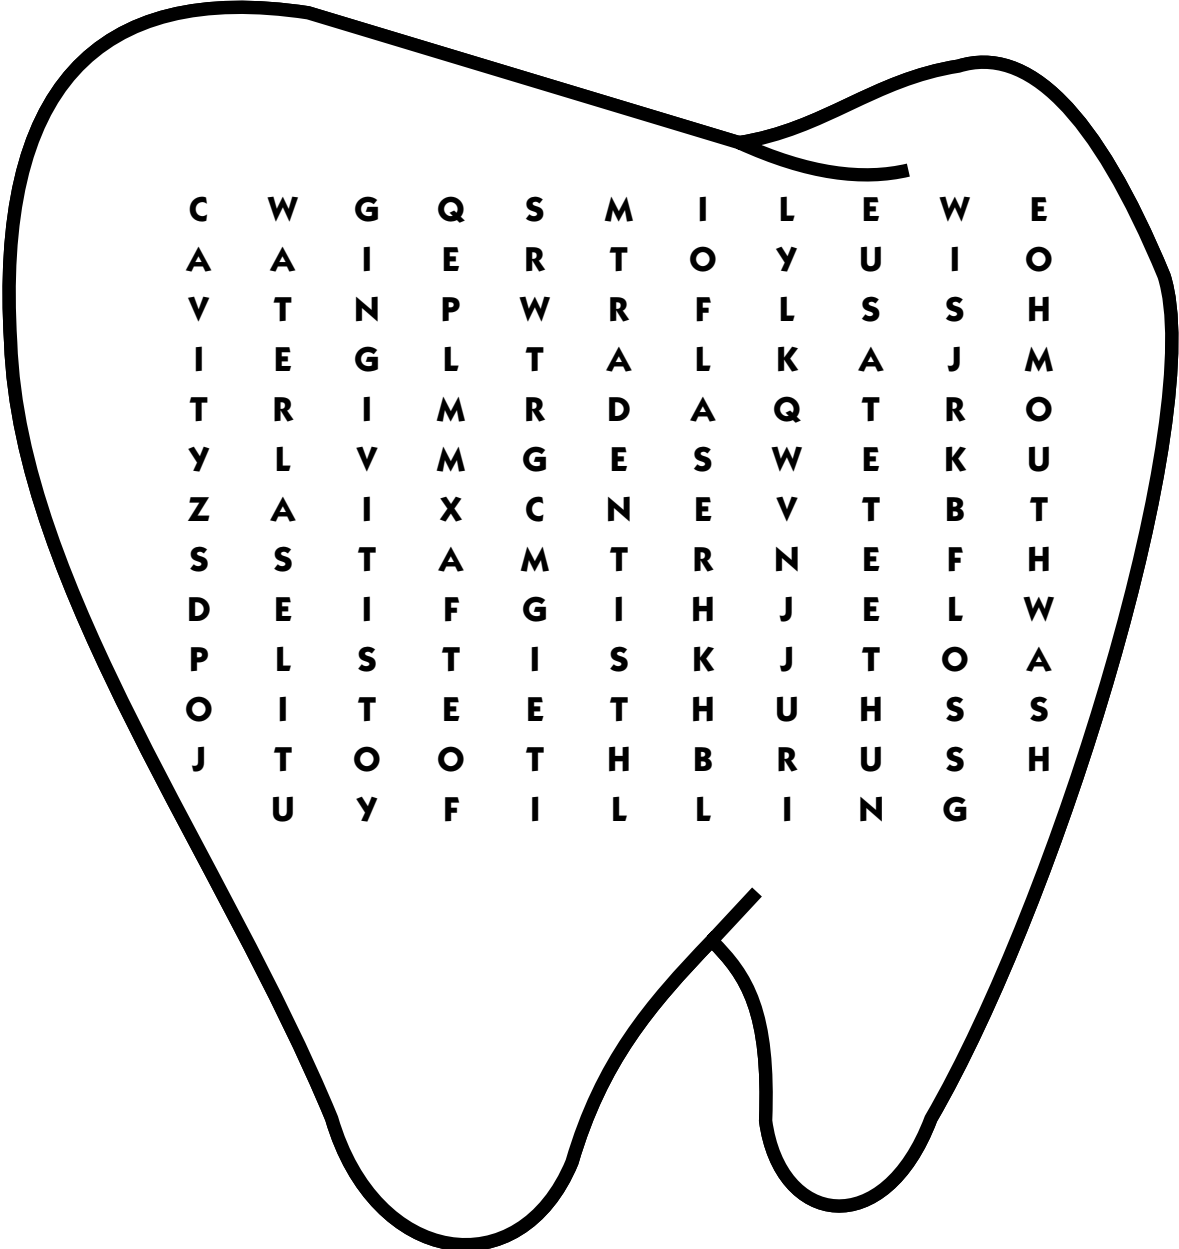

Help Freddy and

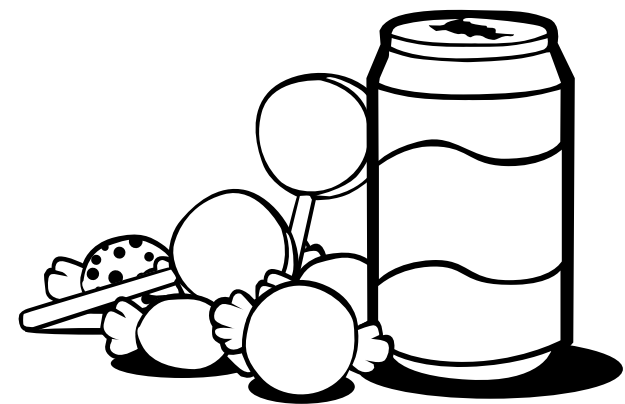

Molar find the healthy foods.

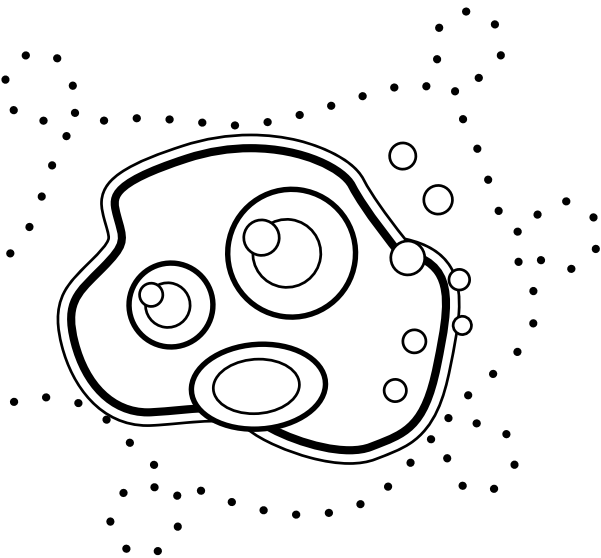

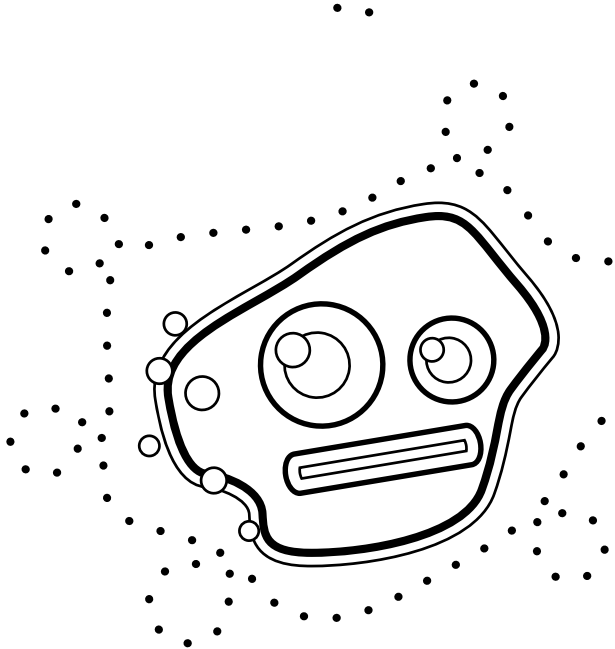

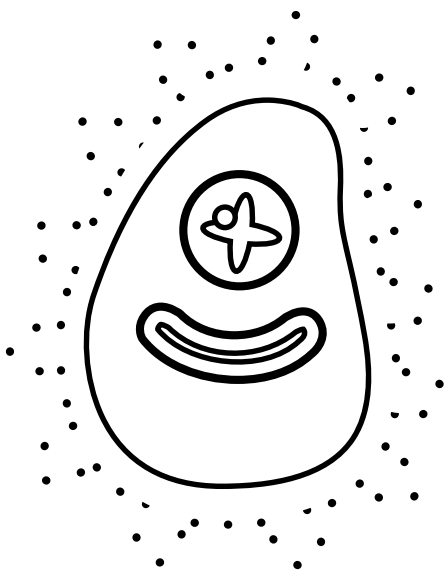

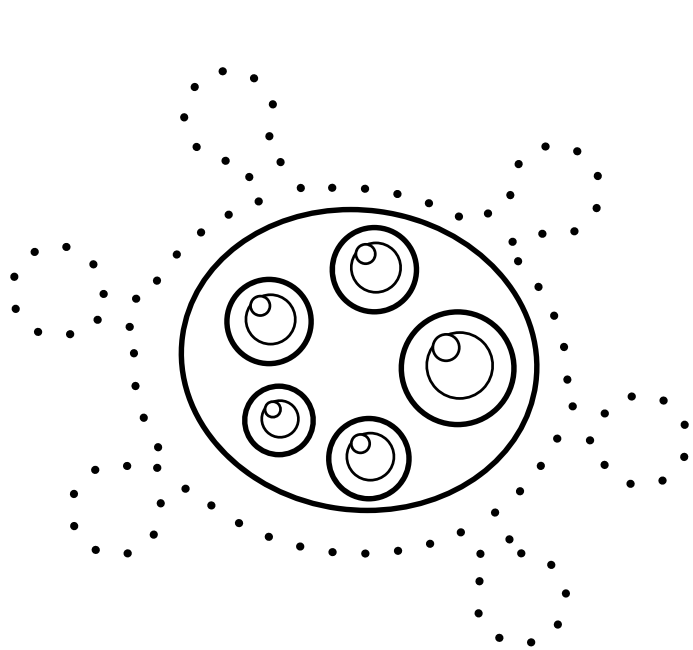

Find the words that have been hidden in the tooth.

- CAVITY
MOLAR
DENTIST
FILLING
- TOOTHBRUSH
MOUTHWASH
LASER
WATERLASE
- TEETH
SMILE
GINGIVITIS
FLOSS

Connect the dots to help brush away the sugar bugs!

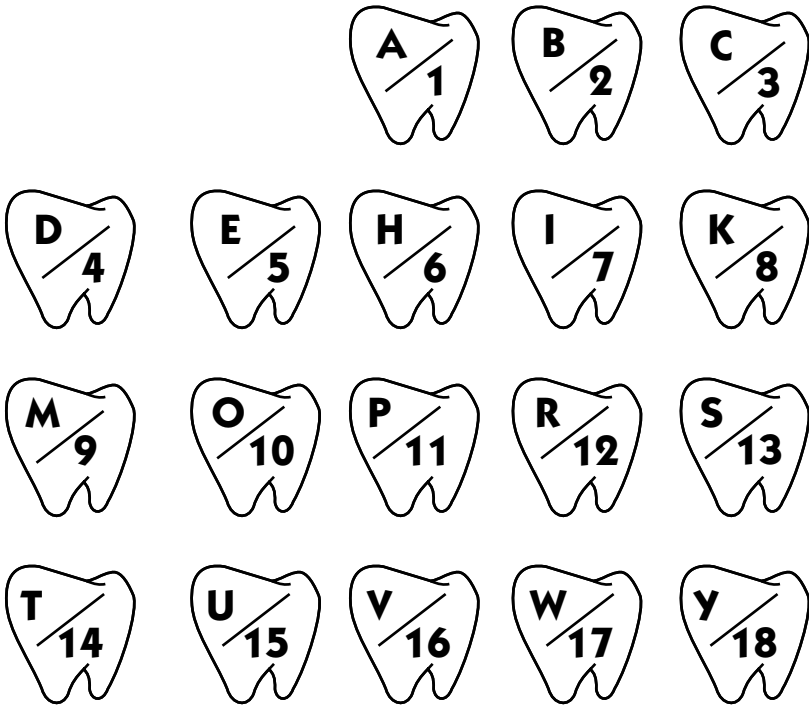

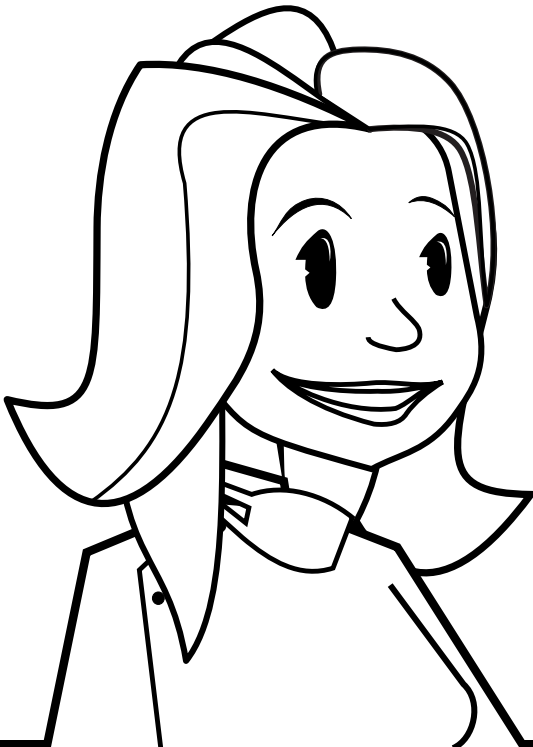

Match the numbers to the letters on the teeth to decode Dr. Christina's important message:

12 5 9 5 9 2 5 12 14 10

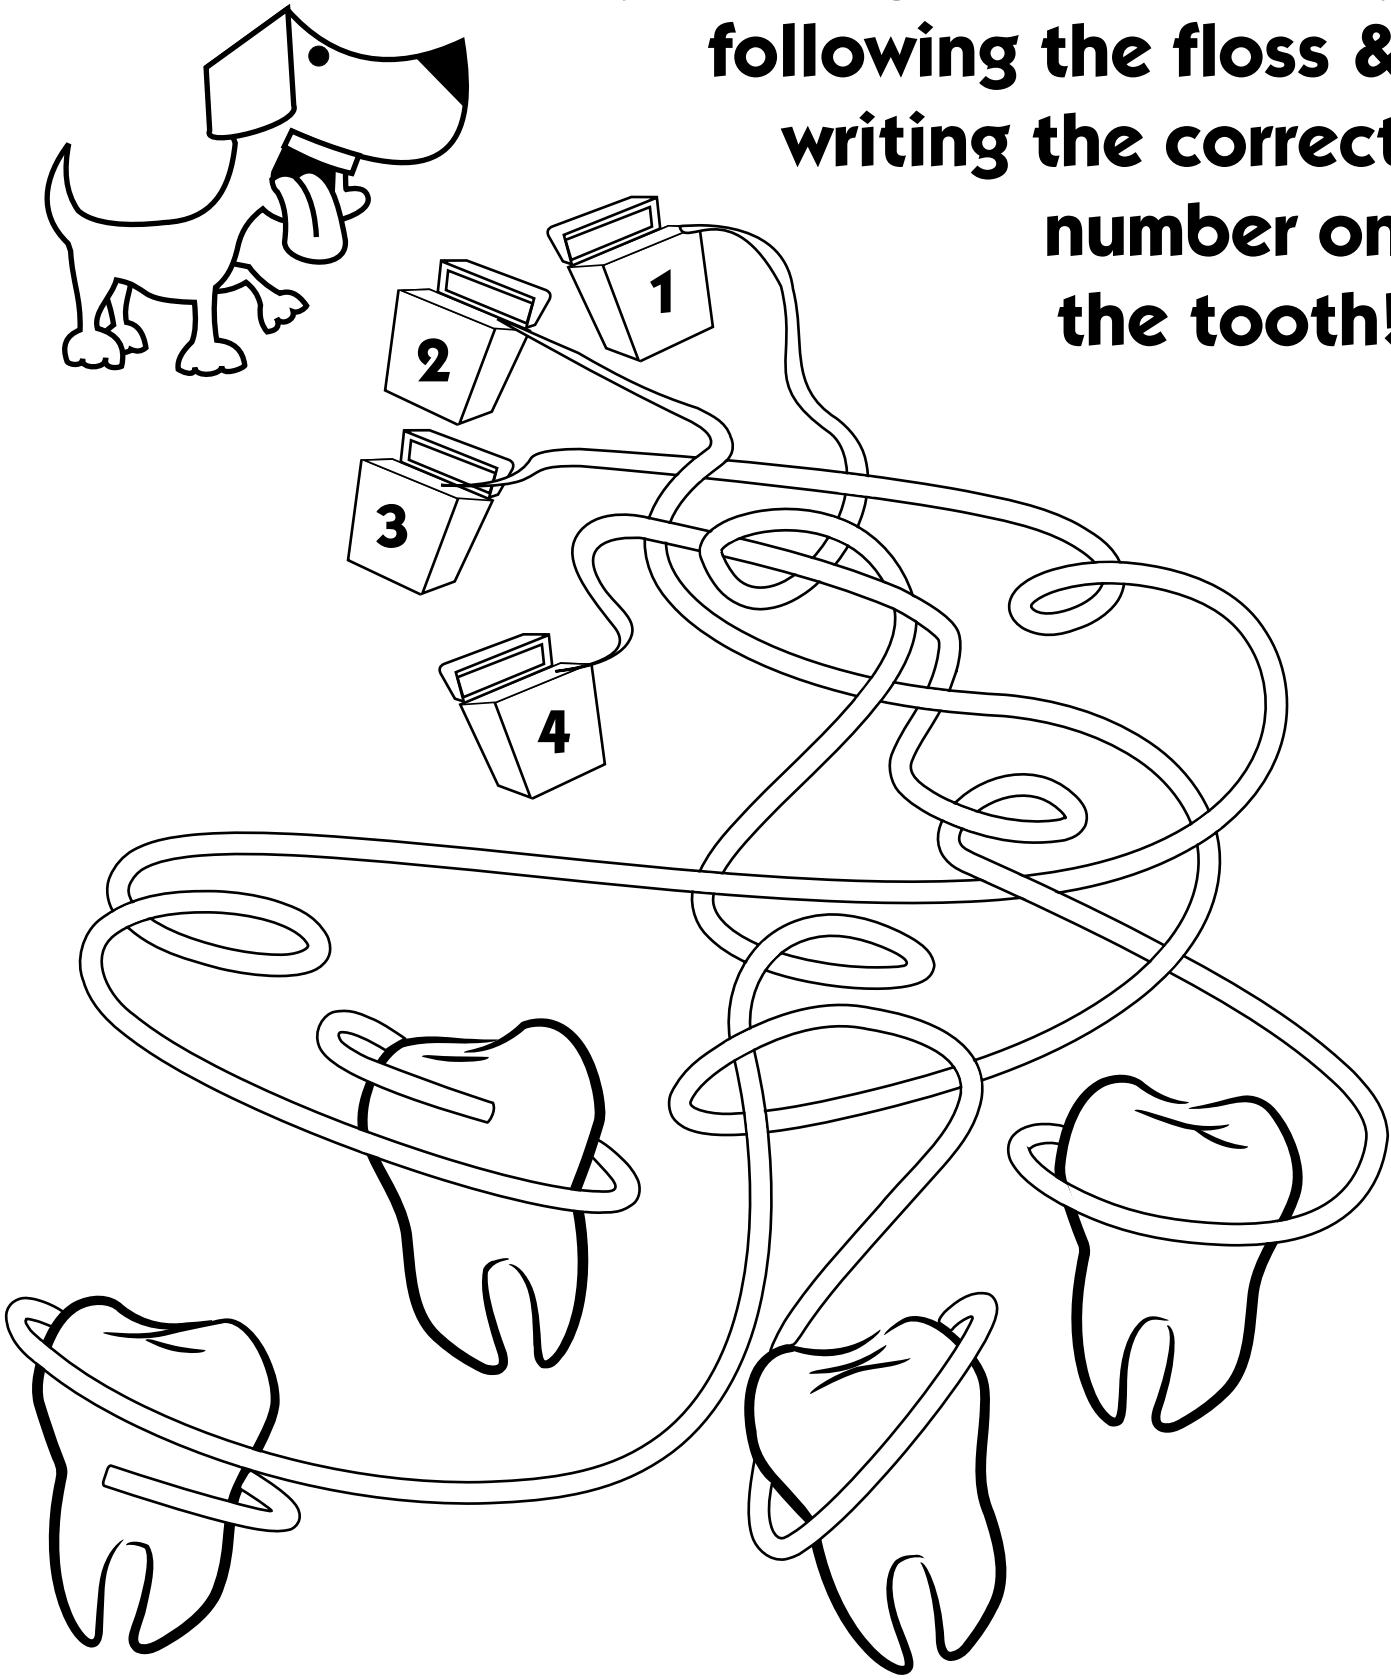

2 12 15 13 6 14 17 7 3 5 1

4 1 18 14 10 8 5 5 11

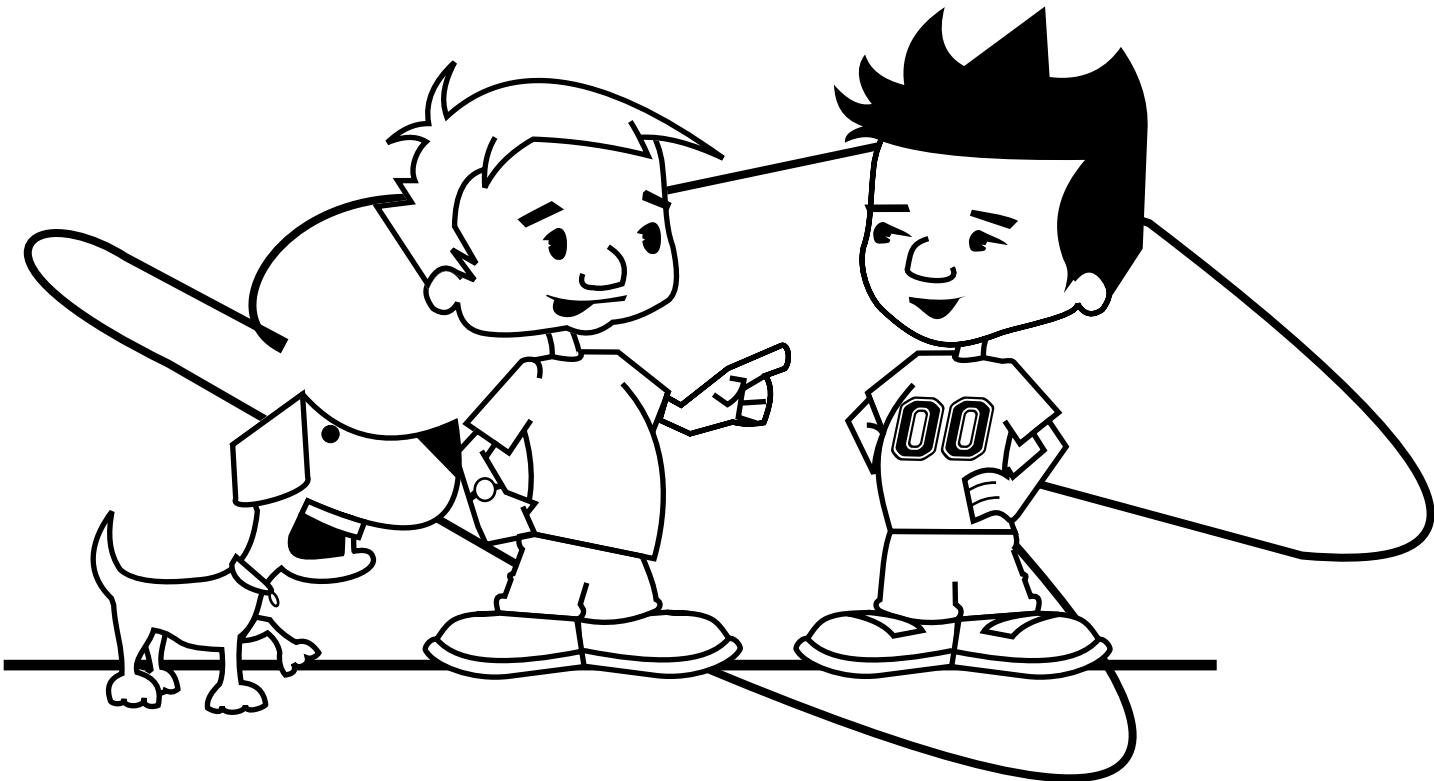

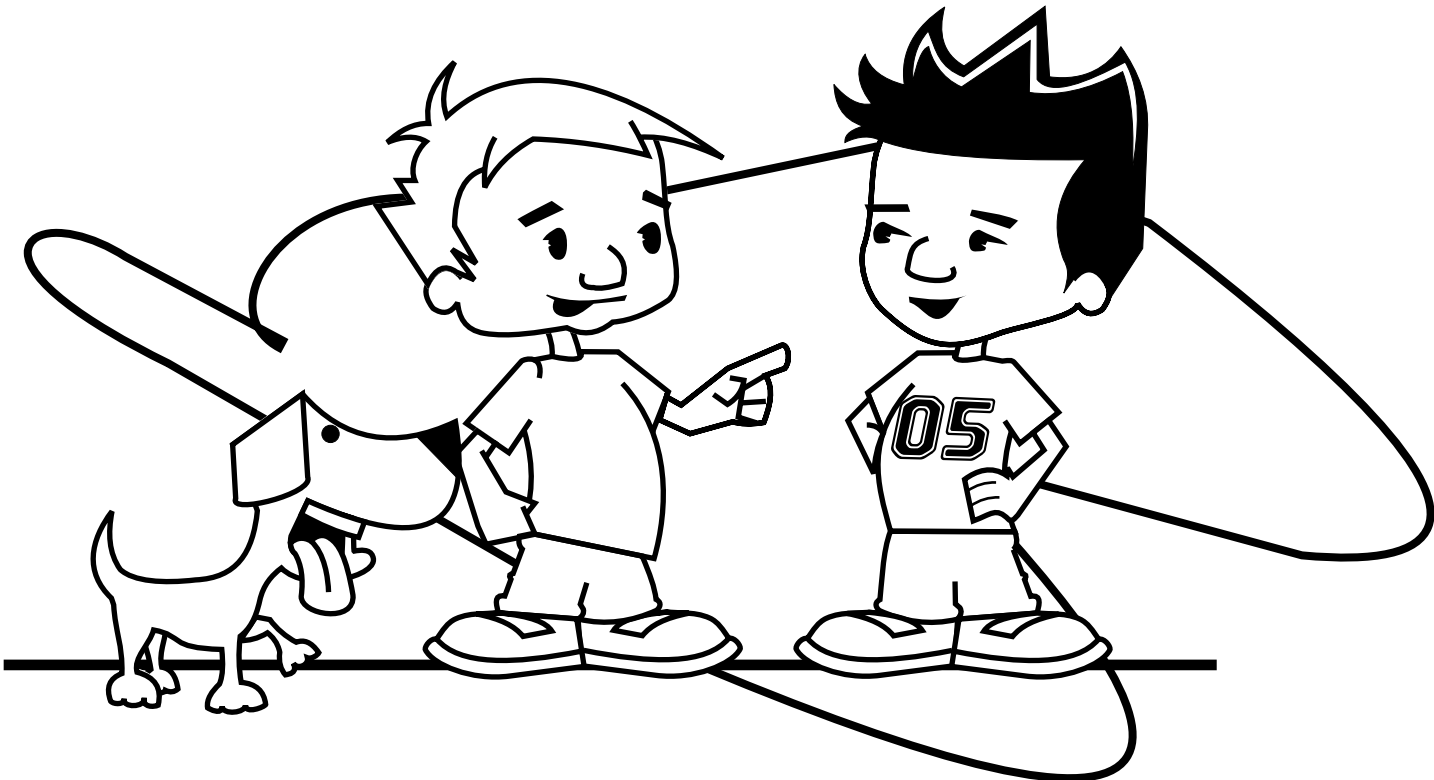

3 1 16 7 14 7 5 13 1 17 1 18 ♦

Molar got into the floss!
Help untangle the mess by following the floss & writing the correct number on the tooth!

Can you spot the six differences between the top and bottom images?

Answer Key: 1. Molar's tongue 2. Molar's collar 3. Freddy's watch 4. Freddy's hair 5. Bobby's shoes 6. Bobby's hair
